

An Osborn Education™

Meet

**Mrs. Kesterson-Walker**

3rd Grade Teacher

## Message from the Teacher

Hello, my name is Kelly Kesterson-Walker, and I am honored to be working at Encanto School with the children who will be shaping our future. I attended the Professional Development School offered through Arizona State University in the Osborn School District and did my student teaching in third grade at Encanto School. I absolutely fell in love with the school and its wonderfully diverse population of students, therefore, have been here ever since. I highly believe in instilling a love for learning in my students and really enjoy getting them involved in their education. I guarantee your child will love learning in my classroom, and I look forward to learning more about you and your child!
