Meet Miss Tané

ELL Para Professional

Message from Miss Tané

Hola! I am very happy to be here working with the Encanto students this year. I have been a dual language Spanish teacher for four years and just this year took a break to get married and start a family. I miss being in the classroom a lot, but seeing the kids' smiling faces around campus really brightens my day. ☺

This year I am working in the office doing English Language testing for students whose first language was not English. It is really amazing to see how much our Encanto students achieve over the course of a year with a support system of involved parents and teachers. We are really making a difference!

Year Joined Osborn: 2008

Years in Education: 5
