

En ty ID	CTDS	LEA NAME
4262	070408000	Osborn School District

How the LEA will **maintain the health and safety of students, educators, and other staff** and the **extent to which** it has **adopted policies, and a descrip on of any such policies**, on each of the following **safety recommenda ons established by the Centers for Disease Control and Preven on (CDC)**

CDC Safety Recommendations	Has the LEA Adopted a Policy? (Y/N)	Describe LEA Policy:
Universal and correct wearing of masks	Yes	 The following are happening at each school site to create a safe environment for all students and staff members who enter any Osborn school. Face Coverings Face coverings are optional for staff and students.
Modifying facilities to allow for physical distancing (e.g., use of cohorts/'podding')	Yes	 Social Distancing Students and staff will maintain a social distance of 3 feet as best as possible throughout the day.
Handwashing and respiratory equipment	Yes	 Hand sanitizing stations are installed at classroom doorways and around campus, specifically on the playground.

	Yes	
Cleaning and maintaining healthy facilities, including improving ventilation		 Cleaning and Disinfecting Regular cleaning of high-touch areas in offices and around school. Increase in custodial staff to account for increased cleaning with staff/students on site. Increase staff/change of night custodial responsibilities for daily sanitizing of classrooms. Purchase of "fogger" sanitizing tools for all room surfaces. Posted schedule and log of cleaning with staff signatures. Ventilation Systems Air filters are changed monthly and when any areas (classroom, offices) have a positive COVID case. The district air filters have a MERV 8 rating The district's air change per hour (ACH) is 2.0, (every 30 to 40 minutes). Please keep classroom doors closed, this will ensure air change occurs every 30-40 minutes. The percentage of outside air is 12 -15%.
Contact tracing in combination with isolation and quarantine, in collaboration with the State, local, territorial, or Tribal health departments	Yes	If any student develops COVID-19, the staff will notify the health technician on campus, maintaining student confidentiality. The health technician will be prepared with proper PPE to escort the student to a designated isolated area until the student is picked up by parent/guardian. Student will be: • able to return to school once they have completed the isolation period per CDC and MCDPH Guidance. • ISOLATE until ALL of the following are met: • It has been at least 5 days since testing positive.

Г

		 No fever for 24 hours, without the use of fever-reducing medicines. Other symptoms have improved. Note, a person who had severe illness or is severely immunocompromised should consult a medical provider for additional precautions.
		Students are not required: • To provide a healthcare provider's note to confirm their illness to stay away from work/school if they are sick. • To have a negative COVID-19 test or provide a healthcare provider's note to return to work/school after meeting the criteria for release from isolation. Parents/Guardians will be notified by their school of any confirmed COVID cases resulting in potential exposure to their child(ren).
Diagnosis and screening testing	Yes	Schools will have test supplies on hand to provide to parents/guardians if requested.
Efforts to provide vaccinations to school communities	Yes	Osborn School District has held several vaccination events for our community including but not limited to the following: January 26th, 2021 January 27th, 2021 February 26th, 2021 February 27th, 2021 July 9th, 2021 July 9th, 2021

Appropriate accommodations for children with disabilities with respect to health and safety policies	Yes	Osborn School District will honor the needs of students based on their individual education plans.
Coordination with State and local health officials	Yes	Osborn is working in coordination with our state and local health officials, monitoring the county health dashboards, and following CDC and health department guidance for safe return to in-person instruction.

How the LEA will ensure **continuity of services**, including but not limited to services to address **students' academic needs** and **students' and staff social, emo onal, mental health**, and **other needs**, which may include **student health and food services**

How the LEA will Ensure Continuity of Services?

All 6 sites returned to in person learning on Monday, August 9, 2021. Families continue to have the option to select iSchool if they are uncomfortable sending their students in person. If students are unable to continue learning in person, schools are prepared to continue meeting students' academic and social-emotional needs through a variety of platforms, programs and curricular resources. In addition, all sites have plans and strategies in place to proactively meet students' and staff academic, social, emotional and mental health needs. These specific strategies are outlined below.

Students' Needs:

Academic Needs	 Multi-Tiered System of Support (MTSS) Specialists at every campus whose role is to regularly analyze data, develop academic plans for students, monitor progress, and research and model high leverage intervention strategies.
	• District-wide refinement of MTSS systems and structures.
	 21st Century (before and after school tutoring services and enrichment opportunities)
	 Purchase of FastBridge Assessment system to support regular screening, diagnostic and progress monitoring of both academic and social-emotional skills.
	• Summer school will be offered for 2021, 2022, and 2023.
	 Continuing to pay for hotspots and families' access to the internet via Cox Services.
	Continuing to provide laptops for students
	 Additional English Learner (EL) Paraprofessional to support EL student and family needs.
	 Continuation of Native American Parent Liaison positions to support Native American families.

The LEA must regularly, but <u>no less frequently than every six months</u> (taking into consideration the incoming of significant changes to CDC guidance on reopening schools), review and, as appropriate, revise its plan for the safe return to in-person instruction and continuity of services through September 30, 2023		
Date of Revision	August 8, 2022	
Public Input		
Describe the process used to seek public input, and how that input was taken into account in the revision of the plan:	The District gathered input from a variety of stakeholders in the creation and revision of this plan. Stakeholders that participated in the creation of this plan included: Master teachers, Principals, Administrators, Parents, Certified and Classified Staff, Board Members, Community Members, and Department Directors. In addition, principals shared the plan and proposed revisions at Title I parent and PTO meetings providing access for additional input to families. The process that we used to seek public input included data analysis of the Maricopa County Health Department for our district, as well as community	

_	Safe Return to In-Person Instruction and Continuity of Services Plan (ARP Act)
	and staff surveys. We analyzed these data during administrative meetings, team and committee meetings. The district's budget committee and re-opening task forces (which include certified & classified staff, parents, board members, and community members) provided input and prioritization of the district's safety, academic and social emotional needs. In addition, the district also surveyed students, parents, and staff on safety procedures and funding priorities. The input was taken into account by way of consensus decision-making.

U.S. Department of Education Interim Final Rule (IFR)

(1) LEA Plan for Safe Return to In-Person Instruction and Continuity of Services

- (a) An LEA must describe in its plan under section 2001(i)(1) of the ARP Act for the safe return to in-person instruction and continuity of services—
 - (i) how it will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policies, on each of the following safety recommendations established by the CDC:
 - (A) Universal and correct wearing of masks.
 - (B) Modifying facilities to allow for physical distancing (e.g., use of
 - cohorts/'podding')
 - (C) Handwashing and respiratory etiquette.
 - (D) Cleaning and maintaining healthy facilities, including improving ventilation.
 - (E) Contact tracing in combination with isolation and quarantine in collaboration with the State, local, territorial, or Tribal health departments.
 - (F) Diagnostic and screening testing.
 - (G) Efforts to provide vaccinations to school communities.
 - (H) Appropriate accommodations for children with disabilities with respect to health and safety policies. (I) Coordination with State and local health officials.
 - (ii) how it will ensure continuity of services, including but not limited to services to address students' academic needs and students' and staff social, emotional, mental health, and other needs, which may include student health and food services.

(b)(i) During the period of the ARP ESSER award established in section Start, Printed Page 2120(2)2001(a) of the ARP Act, an LEA must regularly, but no less frequently than every six months (taking into consideration the incoming of significant changes to CDC guidance on reopening schools), review and, as appropriate, revise its plan for the safe return to in-person instruction and continuity of services.

- (ii) In determining whether revisions are necessary, and in making any revisions, the LEA must seek public input and take such input into account
- (iii) If at the me the LEA revises its plan the CDC has updated its guidance on reopening schools, the revised plan must address the extent to which the LEA has adopted policies, and describe any such policies, for each of the updated safety recommendations.
- (c) If an LEA developed a plan prior to enactment of the ARP Act that meets the statutory requirements of section 2001(i)(1) and (2) of the ARP Act but does not address all the requirements in paragraph (a), the LEA must, pursuant to paragraph (b), revise and post its plan no later than six months after receiving its ARP ESSER funds to meet the requirements in paragraph (a).

- (d) An LEA's plan under section 2001(i)(1) of the ARP Act for the safe return to in-person instruction and continuity of services must be—
 - (i) In an understandable and uniform format;
 - (ii) To the extent practicable, written in a language that parents can understand or, if it is not practicable to provide written translations to a parent with limited English proficiency, be orally translated for such parent; an
 - (iii) Upon request by a parent who is an individual with a disability as defined by the ADA, provided in an alternative format accessible to that parent
