**Disaggregated Discipline Data with School Action Plans**

For Board:  Action  Discussion  Information

**Background –**

Dr. Robert will engage Board Members, principals, and guests to engage in small group conversations looking at disaggregated discipline data from each of the schools. We will discuss what we notice, what trends are present, the difficulties schools are seeing students experience in school this year, and steps we can take collectively to make sure that we are addressing disproportionality within the data sets, while also assuring that school safety is the top concern.

During whole group discussion we will discuss some of the findings and take the opportunity to examine the following three discipline categories:

1. Bullying
2. Physical aggression
3. Drugs/paraphernalia

We will close with setting goals and intentions for decrease in behaviors leading to discipline events.
