¹This plan has an embedded individual deductible and out-of-pocket maximum. This means that although a deductible and out-of-pocket maximum apply to the family as a whole, no individual will be responsible for more than his/her individual deductible before the plan pays benefits for that person, and no individual will be responsible for more than his/her individual out-of-pocket maximum. All benefits are subject to the deductible, unless otherwise noted. The medical plan deductible does not apply to retail and mail order prescription drug copays.

²The out-of-pocket maximum includes deductibles, copayments, and coinsurance for all medical and prescription plan benefits.

³The in-network and out-of-network deductibles and out-of-pocket maximums are separate. This means that amounts applied toward the in-network deductible and out-of-pocket maximum do not also apply toward the out-of-network deductible and out-of-pocket maximum. Similarly, amounts applied toward the out-of-network deductible and out-of-pocket maximum do not also apply toward the in-network deductible and out-of-pocket maximum.
